Sub: Writing of Self Learning Materials(SLM) for B.A. Economics Major  
Programme.

Sir/Madam,

With Due respect, Office of the undersigned request you to develop the SLMs of  
B.A. Economics Major Programme on Course: COM 101; Block 1 (Unit I, II & III),  
Block 2 (Unit I & II), Block 3 (Unit I, II & III), Block 4 (Unit I & II)

It is expected that you would complete the assignment within on 26/07/2017

In order to maintain standard and uniformity of the SLMs, you are requested to kindly take  
note of the following:

1. The SLMs should possess the following characteristics:
  - a) **Self-explanatory:** The content should be presented in a style so that a learner can go through the materials without much external support. The content should be self-explanatory and conceptually clear.
  - b) **Self-contained:** Efforts should be made to make the text self-sufficient so that a learner does not need to hunt for the additional source, or even a teacher.
  - c) **Self-directed:** The Study materials should aim at providing necessary guidance, hints and suggestions to the learners at each stage of learning.
  - d) **Self-motivating:** In distance education system, the learners remain off the campus for most of their study-time. The study materials like a live-teacher should be highly encouraging for the learners. The material should arouse curiosity, raise problems, relate knowledge to familiar situations and make the entire learning meaningful for them.

Sub: Editing of Self Learning Materials.  
 Sir/Madam,

Please find enclosed herewith the manuscript of the Self Learning Materials (SLM) on Source,  
ECOM 305, F104306, ECOM 387

I, on behalf of the Directorate of Open and Distance Learning, D.U. request you to kindly take the responsibility of editing the SLM. You are requested to kindly submit the edited course materials to me latest by 01.08.17. The manuscript and a copy of the syllabus of the course are also enclosed herewith.

- The editing of the course materials will have to be carried out in three aspects:
- Editing of the SLM Format (Format Editing)
  - Editing of the Content (Content Editing)
  - Editing of the Language used (Language Editing)

In order to registers standard and uniformity of reading material of different papers, you are requested to kindly see whether the following guidelines are followed in preparing the course materials:

- The SLMs should possess the following characteristics:
  - Self-explanatory** : the content should be presented in a style so that a learner can go through the material without much external support. The content should be self-explanatory and conceptually clear.
  - Self-contained** : Efforts should be made to make the text self-sufficient so that a learner does not need to hunt for the additional source, or even a teacher.
  - Self-directed** : The study materials should aim at providing necessary guidance, hints and suggestions to the learners at each stage of learning.
  - Self-Motivating** : In distance education system, the learners remain off the campus for most of their study time. The study materials like a live-teacher should be highly encouraging for the learners. The materials should arouse curiosity, raise problems, relate knowledge to familiar situations and make the whole learning meaningful for them.
  - Self-evaluating** : As the learners remain separated from the distance institution and the teachers, study materials should make provisions for feedback as well. To ensure optimum learning, the learners should know whether they are on the right track. Self-evaluation questions in the form of 'check your progress' questions, exercises, activities etc. provide the learners with the much needed feedback about their progress - reinforces learning, and motivates them for learning.
  - Self-learning** : Self-instructional materials are based on the principles of self-learning. So a unit, besides information, provides the learners study guidance, directions, hints, references etc. to facilitate their independent learning. To make the content comprehensible, it is supported by simple explanations, examples, illustrations, activities and so on.
- Each block should be started with an introduction.
- Each unit should have the following structure:
  - Objectives
  - Introduction
    - (Section)
      - 1.2.1 Sub-section
        - \* Check your progress (CYP)
      - 1.2.2 --- sub-section
      - 1.2.3 --- sub-section
        - \* Check your progress
    - 1.3 --- (Section)
      - 1.3.1 --- sub-section
      - 1.3.2 --- sub-section
        - \* Check your progress

Sub: Appointment of Examiner, 6th Semester Examination, 2020.

Sir/Madam,

As directed by the Controller of Examinations, Dibrugarh University, I would like to inform you that, you have been appointed as Examiner for evaluation of answer scripts in the subject *Chemistry* for the B.Sc 6th Semester (Online/Offline) Examination 2020.

You are requested to complete the assignment of evaluation within the stipulated period of 15 (fifteen) days.

1. As per the SoP for 6<sup>th</sup> semester Final Examination, Dibrugarh University, 2020, the candidates shall have to answer only 50% of the total marks of the Question paper. In case a candidate answer more than 50% of the total marks, then the first 50% marks only will be considered for evaluation.
2. Payment as remuneration will be made by the zone as per rate fixed by the University.
3. You are required to keep the Examination and the mark assigned to the candidates strictly confidential.
4. If any discrepancy is detected in your pocket, the same may kindly be brought to the notice of the undersigned immediately.
5. Examiner shall have to return the evaluated answer scripts within 15 (fifteen) days from the date of receiving the answer scripts from the Officer in-charge.

I thank you kind co-operation for the smooth completion of the Examination work within the stipulated time.

Yours Sincerely,
